Help getting back to work if you are employed

If you've been off work or are likely to be off work sick for 4 weeks or more, you may be able to have a free occupational health assessment. You will be able to discuss what advice and support you need to help you go back to work sooner. You can ask your GP or employer to refer you. For further information:

- in England and Wales visit [www.fitforwork.org](http://www.fitforwork.org) or phone **0800 032 6235**
- in Scotland please visit [www.fitforworkscotland.scot](http://www.fitforworkscotland.scot) or phone **0800 019 2211**.

What your doctor's advice means

**'You are not fit for work':** Your health condition means that you may not be able to work for the period shown. You can go back to work as soon as you feel able to and, with your employer's agreement, this may be before your first note runs out.

**'You may be fit for work':** You could go back to work with the support of your employer. Sometimes your employer cannot give you the support you need and if this happens your employer will treat this form as though you are 'not fit for work'. You don't need to get another of these forms from your doctor.

For more information please visit [www.gov.uk](http://www.gov.uk) and type 'patients and employees' into the search field.

Fill in the **Your details** section. You can ask someone to do this for you if you cannot fill in your details yourself.
